Dear Woodbine Special Utility District Customer,

This letter is to inform you, effective January 1, 2025, there will be a rate increase and restructuring regarding our gallonage rate. This usage rate change will be effective starting January 2025 and will be reflected on your bill, due February 20, 2025. The board thoroughly discussed and approved this increase and restructuring of the gallonage rate during their regular meeting sessions, in both October and November, 2024. Our number one goal at Woodbine S.U.D. is to ensure that our customers have safe and reliable drinking water and this increase will help us maintain and replace aging water lines in our effort to reach that goal. The new water tier rate / restructuring is as follows:

Gallonage Rate x1000 Gallons:

<u>Current Rates</u>		<u>New Rates</u>

The fee will be the greater of \$1.95 or 2.5% of the transaction. To avoid any service fees, you can pay with a check, money order or cash, or you can contact our office to set up automatic draft from your checking account.
