Dear Woodbine Special Utility District Customer,

The Woodbine Special Utility District Board of Directors held a public meeting on June 11, 2026, and voted to increase the monthly water service rates for all customers. Prior to making this decision, Woodbine SUD conducted a comprehensive rate analysis to determine the most appropriate rate structure to meet the district's operational and infrastructure needs.

The rate adjustment is necessary to address the rising costs of materials, maintenance, and daily operations required to provide reliable water service to our customers. The Board remains committed to maintaining and improving the water system while ensuring the long-term financial stability of the district.

In addition, the Board approved an increase to the Groundwater Conservation District (GCD) fee from $0.11 per 1,000 gallons to $0.30 per 1,000 gallons. This adjustment reflects the revised fee schedule adopted by the North Texas Groundwater Conservation District. As required, Woodbine SUD collects and remits these fees in accordance with the district's regulations.

The new minimum water rate and the updated GCD fee will take effect beginning in July 2026. Customers will see these changes reflected on their bills that are mailed around August 1, 2026. Woodbine SUD appreciates the understanding and continued support of its customers as we work to maintain a dependable and sustainable water system for our community.

Monthly Minimum:

Meter Size	AWWA Meter Standards	New Monthly Rate	Old Monthly Rate
5/8" x 3/4"	1.0	$29.94	$27.22
1"	2.5	$74.85	$68.05
1.5"	5.0	$149.70	$136.10
2"	8.0	$239.52	$217.76
4" CMPD.	25.0	$748.50	$680.50

The average W.S.U.D. monthly usage is 5,000 gallons:

Current Bill	New Bill	Increase
$47.87	$51.54	$3.67

For any questions, please call 940-668-8337

Thank You,

Woodbine Special Utility District
